Tennessee law requires DeSalvo Law Firm PLLC to inform you that this is an advertisement. The Tennessee Commission on Continuing Legal Education and Specialization does not offer certification as a specialist in the area of trademark law.

What is Intellectual Property?

Creations of the human intellect are called intellectual property, *i.e.*, the results of mental creativity such as original artistic and literary works; inventions; and symbols, names, slogans, and images used in commerce. Most people know these forms of property as copyrights, trademarks, or patents, but intellectual property (“IP”) also includes trade secrets and rights of publicity.

Oftentimes there are agreements associated with IP rights including non-disclosure agreements and non-competition (non-compete) agreements.

You run your business; let us handle your IP.
